SV-650-PM - Pricelist

6.5" Panel Mount LCD Monitor

The StealthVU 6.5" Flat Panel Monitor is extremely compact and ideal for situations where conventional sized monitors won't fit into tight spaces. This mini monitor is an ideal companion of the newly released littlePCs with its small size form factor being able to fit into space challenged applications. Also operating from 12 VDC allows it to be easily deployed in mobile and field applications. Stealth Industrial LCD monitors are ideal for Operator Interface, Machine Control, Plant Floor or any application that requires superior image quality in a thin, low powered industrial package. Stealth provides wide ranges of industry proven products designed for continuous 24-hour operation and yet are priced to meet your budget!

Stealth's 6.5" Panel Mount LCD is an is extremely compact and ideal for situations where conventional sized monitors won't fit into tight spaces. The SV-650-PM can easily integrated into your enclosure, cabinet, console, wall, kiosks or other applications. Simply refer to the Panel Mount cutout drawing and cut a hole to the size indicated. Drop the LCD in place and secure the brackets for each side. No stud mount holes are required for this LCD monitor. All Stealth Panel Mount LCD products come standard with an environmentally sealed NEMA 4, 4X, 12, IP65 front panel that is resistant to dust/dirt penetration or even liquid splashes.
