Datasheet
Models: 861-DP-USB
(Rugged, Small Footprint NEMA 4, 4X Washable Keyboard with Built-in Mouse)

The Stealth model 861-DP-USB is an industrial/medical grade keyboard that is environmentally sealed to NEMA 4, 4X specifications standing up to harsh and dirty environments. The rugged small footprint design has 4-stages of backlit illumination for night time viewing and features a "Clean Key" that locks the keyboard down when a cleaning function is performed.

This Stealth washable keyboard features 83-Keys including 12 function keys and a built-in industrial pointing device for a total solution in one convenient package. Ideal applications include medical carts, in vehicle computing, plant floor, kiosks, warehousing and outdoor environments to name a few.
